Hi, my name is Jinesh Kansara, I am currently pursuing post-graduate on a cloud computing program from Humber College and actively looking for industry specific experience. Throughout my career, I have developed a diverse range of skills that I believe are a great match for the position of internet marketing associate, SEO, web development. I am highly specialized in web development, WordPress, graphic design (Canva, Photoshop, CorelDraw) and have actively contributed towards the development of a wide variety of projects related to SEO, digital marketing. With the help of my interpersonal skills and ability to work in a multicultural environment, I believe that I can bring value to the organization by contributing to the financial and commercial goals of the associated organization.
